## THE NEW HAMPSHIRE SERVICELINK NETWORK

**1-866-634-9412**

*The ServiceLink Network is a statewide network of community-based resources for elders, adults living with disabilities, and their families. There are thirteen ServiceLink sites statewide, as well satellite locations.*

*ServiceLink provides information on issues such as home-care options, caregiver supports, employment issues, financial/retirement planning, active aging, and community involvement. ServiceLink staff also assist individuals in connecting with the services they need. In addition, educational programs are presented at ServiceLink sites on topics which are of special interest to older adults, adults with disabilities and chronic illness, and to those who care about them. You can connect with any ServiceLink site by calling the toll-free number cited above.*
