

**Volunteer Participants Needed
for the
Supports Intensity Scale (SIS) Project**

An opportunity to learn more about the SIS firsthand!

Community Supports Network, Inc. still needs volunteer respondent teams through February 2010 to help with the next phase of the SIS project in NH. The SIS is a nationally recognized, reliable tool for measuring the supports needs that a person (ages 16-72) with intellectual or developmental disabilities would need to be successful in the community. This is an opportunity for individuals and families to learn more about the SIS first hand! Results of the interviews will not be available or recorded in the person's file since these interviews are for training purposes only and will not affect current program or funding.

Respondent teams should include the individual being assessed, as appropriate, and at least 2 people who have known the individual for at least 3 months and have had recent opportunities to observe the person for at least several hours at a time. Respondents can be a parent, guardian, relative, direct support staff, teacher, work supervisor or anyone who lives or works with the person being evaluated and understands their specific support needs.

Individuals/families interested in volunteering as respondents should return the SIS Volunteer Respondent Form to:

Community Support Network ATT: Sue Rockwell
The Concord Center
10 Ferry St Suite 401
Concord NH 03301
Phone: 603 229-1982 ext.3
Fax: 603 223-2377
Email: srockwell@csni.org

You will be contacted to schedule a specific dates and time for your SIS interview. If you have questions or concerns, please feel free to contact us at 603 229-1982 ext 3 for more information.
